

Due to COVID-19, nursing homes and long-term care facilities implemented visitor restrictions designed to slow the spread amongst our most cherished loved ones.

The physical separation and isolation from family and other loved ones can take a significant toll on residents. In the spirit of holiday giving and through the Christmas Cheer Project, the Dodge City Parade of Lights Committee wanted to give our community the opportunity to make a difference and add a little holiday cheer to the lives of those residents.

The community is invited to help raise the spirits of residents by providing a handwritten letter or Christmas card; donating an ornament, wreath, artwork or other small Christmas decor item; decorating a door hanger; or having the kids paint or color something special like a Christmas card or wall hanging.

DOOR HANGER INSTRUCTIONS

1. Print this template (preferably on cardstock or heavyweight paper).
2. Cut out door hanger template.
3. Decorate any way you like to help bring Christmas Cheer to the residents of local long-term care homes.
4. Door hangers can be dropped off at Victory Electric's office at 3230 N. 14th Ave., or placed in the drop box at the Dodge City Visitor Information Center at 400 W. Wyatt Earp Boulevard by **WEDNESDAY, DECEMBER 16.**
